Since 1918

2020 PETITE SIRAH

MENDOCINO COUNTY

Background

Mendocino County is the largest producer of Petite Sirah in the north coast of California. Our Petite Sirah comes from a combination of old vine vineyards and new high-tech vineyards scattered throughout the benchlands and hillsides of Mendocino County.

Vineyards

Our Petite Sirah mainly comes from one vineyard in Mendocino County, and sits in the eastern foothills of Redwood Valley, overlooking the Russian River. This area, with its great sun exposure and soil conditions show in the fruit and always produces excellent wine.

Winemaking

The grapes for this wine were hand harvested from October 5th, 2020 and were crushed into open top fermentors and allowed to cold soak for 3 days before the start of fermentation. After a long, slow fermentation, the wine was aged for 35 months in 20% new French Burgundy, American, and Eastern European oak, softening the tannins and adding length and complexity to the wine.

Winemaker Comments

This wine offers deep aromas and delicious flavors of ripe blackberries, violets, chocolate, toasty vanilla, tar and spice. Untypical of many of today's Petite Sarah's, this wine is round, smooth and displays rich tannins that leads to long, lingering finish.

Winemaking Data

Harvest

Date: October 5th, 2020

Fermentation & Aging

Fermentation: 3 days of cold soak, pumped over and punched down twice a day for 8 days in stainless open top fermentors
Aging: 35 months in French, American, EU Burgundy barrels (20% new French)
